Buy a Helix Hardware Processor and Get Cubase Elements and the Helix Native Plugin Free

From September 14, 2021 until February 28, 2022, anyone purchasing a new Line 6® Helix® amp and effects processor will receive Steinberg Cubase® Elements music production software (valued at \$99.99 USD, MSRP) and the Line 6 Helix Native plugin (valued at \$399.99 USD, MSRP) at no additional cost. Eligible Helix processors include Helix Floor, Helix LT, Helix Rack, and Helix Control.

To claim your free software, register your Helix amp and effects processor and upload your proof of purchase using the link below.

Once approved, your Cubase Elements and Helix Native licenses will be deposited into your Line 6 account.

Please allow up to 2 working days for activation. For more details see the [Terms & Conditions](#).

Helix Amp and Effects Processors

Helix amp and effects processors set the standard for sonic quality and ease of use when crafting authentic sounding and feeling tones. Powered by dual SHARC® processors and utilizing award-winning HX™ modeling technology, our flagship Helix processors also feature intuitive user interfaces that replace complex menu diving with familiar interaction.

Cubase Elements

Cubase Elements is your personal music studio, incorporating professional workflows as used by countless artists, engineers, and producers worldwide. Using the same technology platform as its larger siblings in the Cubase family, Cubase Elements offers tools for intuitive song-writing, virtual instruments to develop musical ideas, and essential studio-grade effects.

Helix Native

Helix Native brings the power of Helix to any digital audio workstation. Helix Native features the authentic sounds of vintage and modern amps, cabs, mics, and effects—but its also an open-ended sound design tool that will inspire anyone seeking exciting new sounds. **Learn more about Helix Native** [link to <https://line6.com/helix/helixnative.html>]
